

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

MEETING DATE: 5-16-06

DIVISION: COUNTY ADMINISTRATOR

BULK ITEM: YES

DEPARTMENT: AIRPORTS

**Agenda Item Wording:** Re-approval of Award of bid to SSES, Inc., dba Southern Sewer Equipment Sales, in the amount of \$78,373.59, for a Pavement Sweeper (Tymco 210) for the Key West international Airport.

**Item Background:** Due to an emergency, the FAA directed the airport to expend the original grant funds on other projects and not purchase the Pavement Sweeper at that time. The FAA has now reauthorized the acquisition of a Pavement Sweeper under Grant Application #28.

SSES, Inc., dba Southern Sewer Equipment Sales has indicated that they will honor their earlier bid plus inflation. The original base bid was for \$59,725.00. The added cost for inflation is \$4,068.59 which includes a CPI increase of 3.3% from May 04 to May 05 (\$1,970.93) and an increase of 3.4% from May 05 to May 06 (\$2,097.66). Their bid, plus the CPI, increases the total to \$63,793.59.

Airport Administration also would like to recommend the addition of certain options which will reduce maintenance and down time and allow this piece of equipment to service the New Terminal's covered parking lot. The options are (1) an Amber Strobe Light, (2) an Auto Sweep Interrupt System, (3) an Auxiliary Hydraulic System, (4) Chassis Hour Meter, (5) In-Cab Dump Switch, (6) Stainless Steel Hopper and (7) T-1 Blower Housing with abrasion resistant plate. The total cost for these options is \$14,580.00. This brings the total purchase price to \$78,373.59 as indicated in the agenda item wording above.

Notice of Tentative Allocation

We are pleased to announce the Administrator has approved an allocation of \$3,716,034 under the Fiscal Year 2006 Airport Improvement Program for the following specific development at Key West International Airport:

Construct Terminal Building (PH2), Rehabilitate Airport Beacons, Acquire: 1500 ARFF Vehicle + Emergency Generator (for ARFF Building) and Pavement Sweepers (2).

Our representative will soon discuss with you the project development, equal employment opportunity and the civil rights requirements.

In allocating Federal funds for this project, we considered the representations in your Joint Airport Capital Improvement Program (JACIP) for Federal Assistance with regards to your commitment of local funds and your ability to proceed promptly with the project.

This allocation is contingent upon you developing a project schedule which allows the FAA to issue a grant offer based on bids by June 30, 2006 (This means your grant application must reach our office NOT LATER THAN June 15, 2006. Failure to comply with the schedule may result in cancellation of this allocation. Please find enclosed, a copy of our "Project Management Checklist" which will be used to track the progress of this project. After review of the information, please contact your Airports District Office project manager to coordinate and establish the project schedule.

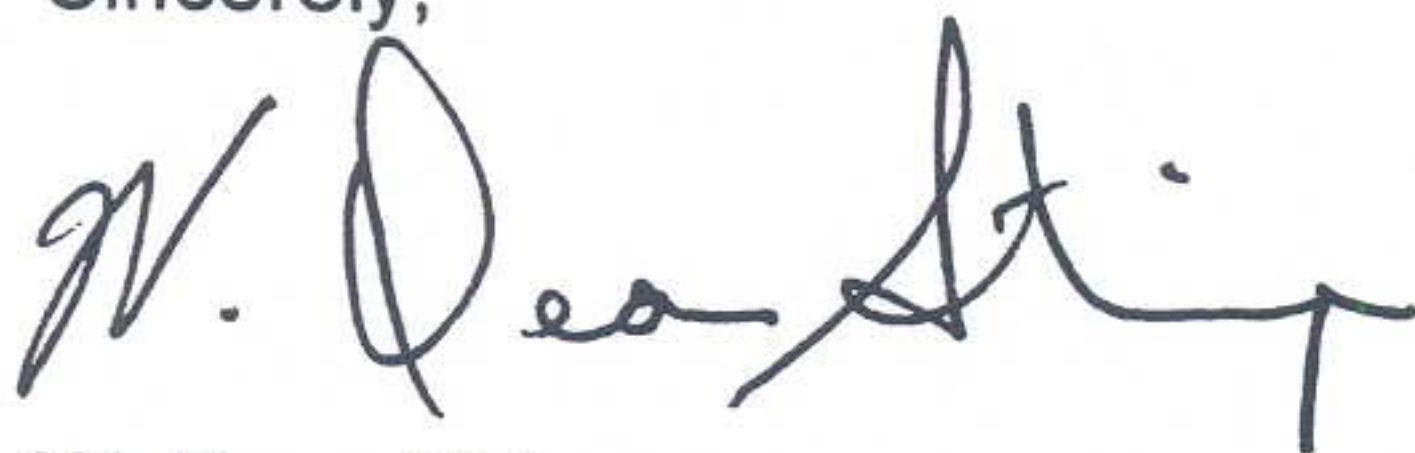

In accordance with 49 CFR Part 26, Monroe County Board of County Commissioners will be required to take all necessary and reasonable steps to ensure that disadvantaged business enterprises (DBE) have the maximum opportunity to compete for and perform contracts under this project. In this regard, you should contact our Civil Rights Staff at (404) 305-5250 to determine the status of any outstanding requirements under this part.

Additionally, you are reminded of the testing laboratory requirements for pavement construction outlined in AC 150/5370-10A, "Standards for Specifying Construction of Airports."

We look forward to working with you in the successful accomplishment of this project.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Dean Stringer". The signature is fluid and cursive, with a large initial "W" and a long, sweeping underline.
